DETAILED ACTION

Rejection of claim 7,8,19 and 20 under 35 USC 102 in the office action of 9/26/07 is withdrawn in view of applicants' amendments.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 7,8,19 and 20 rejected under 35 U.S.C. 102(b) as being anticipated by Abderhalden, Emil et al. (Berichte der Deutschen Chemischen Gessellschaft, 1916, 49 2449-2473; CAS abstract, form here on D1).

D1 discloses the following compound (the groups as they relate to the instant claims are labeled by the Examiner):

All the structural limitations of claims 7, 8, 19 and 20 are met by the above compound. Since the compound meets all the structural limitations set forth in the instant claims, properties such as: disulfide bond not being cleaved more rapidly than oxidized glutathione is an inherent property of the above compound (claims 7, 8) and increase in pKa of at least one constituent thiols of the disulfide bond not greater than that of glutathione pKa (claims 19-20) are inherently possessed by the above compound.

Applicants' arguments were fully considered and are now moot in view of the amendments and the newly cited reference.

Conclusion

Claims 7, 8, 19 and 20 are pending

Claims 7, 8, 19 and 20 are rejected.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP

§ 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
